

Reshaping our future.

Goal To promote and incentivise the use of the Curate ecosystem and reward its participants and holders.

Why? Curate will incentivize the use of the Curate ecosystem and provide benefits to XCUR holders through the community rewards allocation:

XCUR tiered staking rewards | Bluechip NFT staking rewards | Play 2 Earn XCUR rewards | Curate Earn XCUR rewards
Free Minting on X-Chain and Lower fee on ETH chain | Staking Rewards & Pool Cashbacks for NFT & Token bridging on ETH

In conjunction with the above incentives, Curate will also be sharing the revenue gained from the following activities (but not limited to) with XCUR stakers:

Tokenomics Breakdown

Current Supply: 8 500 000

Migration bonus: 10% vested & locked until 1 month after migration

*Users to deposit funds into the Curate app to receive the bonus

Total migration bonus in XCUR: 850 000

New Circulating Supply: 9 350 000

New Total Supply: 50 000 000

Community Controlled Supply: 10 000 000

Max Supply: 60 000 000

Old BEP20 contract: 0x708C671Aa997da536869B50B6C67FA0C32Ce80B2

New BEP20 contract: 0xd52669712f253CD6b2Fe8A8638F66ed726cb770C

ERC20 contract unchanged

Reshaping our future. continued.

Community Rewards

XCUR fixed staking rewards

XCUR will be placed in a wallet to be distributed as staking rewards to XCUR stakers, funded each month.

Play 2 Earn: Within our Curate game 'XCURSION'

we will provide incentives and rewards in the form of XCUR to our users via exploration quests

Curate Earn incentives:

Through our deposit and earn DeFi app launching this year. Curate will reward users over and above the base APY a reward in XCUR.

Bridge NFTs and Tokens with Cashbacks

Users of the Curate bridge will receive the gas fees they spend in XCUR up to 100%

XCUR to reward users who provide liquidity:

As we expand, governance can vote to provide liquidity on future major DEXs that XCUR decides to list on.

Cashbacks in the form of XCUR

Up to 100% of the minting cost of NFTs on the Curate app and future decentralised minting portal.

Trading rewards

Provided in the form of Cashbacks to users in XCUR.

XCUR Rebates

To be added to the Staking pool as rewards for those staking XCUR in app

NFT List & Stake:

Will allow users to earn on their listed NFTs, Blue chip NFTs within the top 100 on Rarity tools will be eligible to earn an APY in XCUR for listing the NFT on the Curate marketplace up to 10% higher than the floor price.

R&D, Developments & Marketing

Curate Research & Developments will be funded by the Curate treasury, this allocation will allow Curate to ramp up developments and research to remain competitive and stay on the edge with the latest and best products for our community.

Marketing will be ramped up and allow Curate to further extend its reach and capture new users. Curate will form strategic marketing partners with high profile individuals and Tier A events that provide maximum exposure.

XCUR will be undergoing a migration to a new contract address

Current holders will be rewarded with a 10% migration bonus when migrating their tokens through the App.

Trading will continue as normal on Ethereum and Ethereum users will not need to do anything.

Circulating Supply Growth over time*

*Circulating may be lower than above
*Unused Team vested tokens will be burnt or added to staking pool
